Subject: RE: BCP Verona Order on Consent

Sara:

We've reviewed the document and I think we're really close. Do you have time tomorrow afternoon or Friday to discuss the corrective action timelines? I believe there are three that BCP would like to discuss (the ventilation study, SOP updates, mechanical integrity program). Please let us know if there's a time that works.

Also, as it relates to the FOIA question last week, BCP's CBI claims did not encompass the attachments with the caveat that we have only seen the photos provided in the 15MB Attachment 1 Photo Log (17-slide .ppt) sent to BCP. If there are other photos that will be provided, BCP requests the opportunity to review those to confirm confidentiality. Also, as you know, BCP has not received Attachment 4 (EPA's inspection checklist). In the event Attachment 4 will be provided as part of the FOIA response, BCP requests a copy.

Thank you.

Brittany

External Email – Use Caution

Brittany: Attached please find EPA's response to BCP's redline of the AOC. We were able to accept some of the revisions and I tried to note in the document where we would not be accepting the revisions or why we added certain language. In some instances I did leave the redline in so you could see all of the revisions to a particular paragraph.

Please let me know if you have questions or would like to discuss. We are still hoping to have this finalized by September 19.

Regards,
